LONG BEACH, LONG ISLAND

Facing South on the Atlantic Ocean, directly in the path of the Southwesterly ocean breezes, this clean and beautiful resort city is set away from inland heat. Just 45 minutes from Broadway, "The City By The Sea" offers ocean and still water bathing, golf, tennis, softball, sailing, and motorboating with frequent regattas, bay and deep sea fishing, and its famous boardwalk bordering the ocean beach for more than two miles.
